A M E N D M E N T

Hon. Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Sir:

This is in response to the Office Action of February 4, 1987, in the above-identified matter, the period for response having been extended up to and including July 6, 1987, by submission of the required petition and fee herewith. Kindly amend the above application as follows:

IN THE CLAIMS:

Kindly cancel claims 1-7 without prejudice and add the following new claim:

Sub 7
--13. An oligoheteropolysaccharide comprising depolymerized heparin having an average molecular weight 2600 to 5500 and having sulfate groups in the quantity and in the positions characteristic of heparin, which oligoheteropolysaccharide displays greater antithrombotic
